Affairs at the National Capital—Polygamy Resolutions.

SENATOR LAPHAM'S LICK AT POLYGAMY.

Star Route Indictments—Young Mormons Want Polygamy Abolished—Vessel Wrecked at Columbia Bar.

Associated Press Dispatches.]

WASHINGTON, D. C., February 21.—Senator Call's resolution relative to polygamy quotes from the Constitution and says that the sections read forbid Congress from evading any law by which persons not ascertained guilty of a criminal act shall be deprived or denied any rights, privileges or immunities conferred by law on other citizens.

LAPHAM'S LICK AT POLYGAMY.

Senator Lapham introduced a bill to-day to amend an act establishing the Territorial government of Utah and to change the name to Altamont. The bill vests executive power over the Territory in the Governor, appointed for four years, and continues the present Governor until the end of his term. It disfranchises all persons guilty of bigamy and polygamy, and makes them ineligible as jurors or to any office. The bill requires the Legislature to repeal the statute authorizing a plurality of wives. It provides for the support of the destitute and homeless wives and children by erecting houses for them, and levies taxes to pay therefor. It also compels males to support their children born in polygamy.

SHERMAN EXONORATED.

The monthly report of the Contingent Fund Investigating Committee will entirely exonorate Secretary Sherman and Major Power, chief clerks of the Treasury and censure Custodian Pitney and his friends whom Secretary Folger removed.

THE SOTELDO-BARTON SHOOTING.

The grand jury to-day began the examination of witnesses regarding the recent Soteldo-Barton shooting.

NAVAL AFFAIRS.

The House Committee on Naval Affairs will take action to-morrow on the proposition to construct eleven vessels at a cost of $9,000,000.

SENATE.

Hale, from the Census Committee, reported favorably on the House apportionment bill, and asked unanimous consent for its immediate consideration. Cockrell objected, as the Senators had not yet had a chance to read it. Hale said the committee were unanimous in support of the measure, and urged that no time be lost, as several State Legislatures were awaiting congressional action. Cockrell withdrew his objection, and Hale said he would renew his motion later.

CONFIRMED.

The Senate in executive session to-day confirmed the following: Moses H. Drew, Marshal for California; Wm. McMicken, Surveyor-General of Washington Territory.

HOUSE.

Hewitt, rising to a question of privilege, referred to the recently published letter of Jacob R. Shepard to Minister Hurlbut to Peru, and to the use of his (Hewitt's) name among those of gentlemen with whom Shepard claimed to be in confidential negotiation. As he was the only member of the House of that name and the one whom Shepard included in his list, it was proper to say that he did not know Shepard; had never known him, and the use of his name by Shepard was entirely without his knowledge, privilege or consent. He was also authorized in behalf of August Belmont to make a similar disclaimer.

STAR ROUTE INDICTMENTS.

Col. Bliss, chief counsel of the Star Route prosecutions, to-night confirmed the report of the indictments found and gave the following list: Ex-Assistant Postmaster-Gen'l Thomas J. Brady, ex-Senator Stephen A. Dorsey, John W. Dorsey, brother of the Senator; W. H. Turner, formerly clerk in the Postoffice Department; John R. Miner, of Henry M. Vaile & Co., J. L. Anderson and J. M. Peck, of Dorsey's firm. The last named (Peck) is said to have died recently. It is understood that the presentments do not include French, F. Bailey and S. P. Brown, who were included in the original information. The jury was unanimous in finding on the merits of the case.

JAPANESE INDEMNITY FUND.

In the House the bill authorizing the payment of the Japanese indemnity fund, $1,770,340, to the Japanese Government, with the exception of $254,000 which shall be paid to the officers and crew of the United States ship Wyoming, passed amid applause.

SERGEANT MASON.

The court martial to try Sergeant Mason, who shot at Guiteau, adjourned to procure a diagram of the jail and its surroundings. The plea of "not guilty" was entered.

VALUABLE TIME WASTED.

In the Senate the discussion of a bill to retire General Grant consumed the session until 3:35. The bill comes up again to-morrow.

CONGRESSMAN ALLEN SICK.

Congressman Allen, of St. Louis, is lying ill at Arlington. His condition is critical.

The Code Conquers.

RICHMOND, Feb. 21.—The Governor vetoed the Anti-dueling bill.

SAN FRANCISCO BUDGET.

Vessel Wrecked—Defective Sewerage and High Death Rate.

Associated Press Dispatches.]

SAN FRANCISCO, Feb. 21.—A Portland dispatch says the British ship Corsica struck on the Columbia river bar last night while crossing out. She was abandoned during the night and sank this morning. Her crew was saved. She had a cargo of wheat for the United Kingdom, valued at $50,000.

SANITARY CONDITION.

The Board of Health and a number of members of the Board of Supervisors to-day held an informal meeting to discuss the sanitary condition of the defective sewerage on the abnormally high death rate. Some definite action with regard to cleansing and otherwise improving the sewers is probable at an early date.

THE CALL SYSTEM

At a meeting of merchants to-day to consider the question of going into the call system in a more satisfactory manner than had obtained during the past week, there was a small attendance, and after considerable speech making an adjournment was taken until Thursday with a view to making some arrangements in the meantime looking towards the Produce Exchange taking up its quarters in the Merchants' Exchange building and conducting its call there.

PUSHING THINGS.

Track laying was commenced yesterday on the Southern Pacific branch of the railroad from Mojave to the Colorado river.

INDICTED.

John F. Broadhead, chief clerk of the Quartermaster's department, Division of the Pacific, was indicted by the U. S. grand jury to-day for forging the Quartermaster's checks.

AFTERNOON STOCKS.

California, 30c; Virginia, 45c; Curry, 3½; Mexican, 9½; Ophir, 4½; Union, 10½; Nevada, 7; Eureka, 13; Jacket, 1½; Best, 6½; Overman, 60; Point, 50; Belcher, 50c; Diablo, 7⅞; Belle, 9½; Bullion, 75c; Savage, 1½; Mono, 1; Tiptop, 4½; King, 18½.

The Stock Boards adjourned over until Thursday.

An Ex-U. S. Marshall.

LOUISVILLE, Feb. 21.—Last evening, on Jefferson street, between Sixth and Seventh, Joe Wyatt, ex-Government Marshal, who bagged more moonshiners than any man in the country, was badly and no doubt fatally wounded by Joe Cunningham and Thomas Connelly, two Deputy U. S. Marshals. During the affair fourteen shots were fired. The difficulty commenced in the Astor House and ended in the street, where Wyatt was shot. The origin of the difficulty was witnessed by none but the participants. Warrants were out for the arrest of Wyatt, charging him with selling liquor to minors. He swore he would pay no attention to the warrants and that no officer could arrest him. The officers attempted to arrest him, when he pulled his revolver. The officers did the same and the battle began. Neither of the Marshals were hurt.

Passengers Coming.

FRESNO, Feb. 21.—The following passengers passed Fresno to-night and will arrive in Los Angeles to-morrow morning: David Kimball, Dr A L Cole, L A; A Wall Kimpeil, El Paso, C L Metzgar, Mrs D S Metzgar, Miss Ida Metzgar, Colton; J S Triest, Tucson; Misses Brothers, New York; Col W P Hewes, Denver; F E Berge & w, N Y; Chas Hutchinson, Maricopa; J P Treanor, Col O Livermore, C E Tyler, Mrs A Doll, L A; A Campbell & fam, O T Nelson, Tucson; M R Vernon, Denver.

Highest Water Since 1817.

CINCINNATI, Feb. 21.—It has been raining all day, with the prospect of continuing. The river is rising an inch per hour. It is already the highest since 1847. The indications give cause to fear that it will exceed the rise of 1830, the greatest on record. Navigation is closed.

Burned to Death.

BELLEVILLE, Ont., Feb. 21.—George Cunningham's house at Ameliasburg was burned to-night. Three children perished in the flames.

The Haverhill Fire.

HAVERHILL, Mass., Feb. 21.—Two hundred and eight firms were burned out by the fire, including 150 shoe and leather establishments.

Hurrah for the Young Folks.

SALT LAKE, Feb. 21.—The Mormons are circulating a petition among their young people to make them deny that the system of polygamy as practiced by their parents is just what they desire and that they never objected to it. Those who refuse to sign are cut off from the Church. The majority of the young people refuse to sign and say that the sooner the institution of Mormonism and polygamy is wiped out the better.

Suspended.

LOUISVILLE, Ky., Feb. 21.—Newcomb, Buchanan & Co., the largest whisky distilling firm in the South, have made an assignment to J. M. Atherton. Liabilities, $1,200,000; assets, $2,000,000. The suspension is thought to be only temporary.

Kelly's Hoods.

ALBANY, N. Y., Feb. 21.—Tammany united with the Republicans to-day and elected John W. Vroman Clerk of the Senate.

The Family Doctor.

Drinks made from fresh or preserved fruits are sometimes used in fevers. Rhubarb tea is a very refreshing spring beverage. Slice about two pounds of rhubarb and boil for a quarter of an hour in a quart of water; strain the liquor in a jug, adding a small quantity of lemon peel and some sugar to taste; when cold it is fit for use. Apple water may be made in the same manner. The apples should be peeled and cored. Sugar should not be added to either of the above until after the liquor is removed from the fire. In the absence of fresh fruit, a pleasant beverage may be prepared by stirring sufficient raspberry jam or currant jelly into the required quantity of water, straining the liquor before giving it to the patient.

Our beds are our night-clothes and ought to be kept as clean as shirts and coats. Woolen blankets are healthier than quilts; put a heavy United States army blanket over a kettle full of hot water and see how fast the steam makes its way through the weft; a quilt would stop it like an iron lid, and thus tend to check the exhalation of the human body. In order to disinfect a quilt you have first to loosen the pressed cotton; a woolen blanket can be steamed and dried in a couple of hours. For similar reasons a straw tick is better than a horse-hair mattress, though a woven wire mattress is preferable to both. Feather beds are a recognized nuisance.

An old gentleman, who for many years suffered from distressing acidity, read in a daily paper that glycerine added to milk prevents its souring, and he reasoned thus: "If glycerine prevents milk turning sour, why should it not prevent me turning sour?" and he resolved to try the efficacy of glycerine for his acidity. The success of his experiment was complete, and whenever tormented by his old malady he cures himself by a recourse to glycerine. Indeed, he can now take articles of food from which he was previously compelled to abstain, provided always that he takes a dram of glycerine, immediately before, with, or after his food. Since this was made public several physicians have prescribed glycerine in acidity and flatulence with the most happy results.

We are a medicine taking people—at least to far too great an extent. "What shall I take?" is asked far more often than "What shall I do?" The aged and experienced among medical men, as a rule, recommend but little—and that only when indicated by common sense. But the people will take it—buying it from peddlers, horse-jockeys, grocers, etc., all as ignorant of the nature of the remedies and of diseases as themselves. In most instances, when feverish, if one would bathe, sweat, fast, breathe more of the pure air of heaven, bask in the sun, drink freely of pure water, keep calm and quiet, give up tobacco and whisky, the fever would starve. Pure air renovates the blood far more than sarsaparilla; the light of the sun is one of the best anodynes; good food is one of the best tonics; fasting and exercise are among the best appetizers. If we will but take care of ourselves, eat only plain food and only what nature demands, cease to overwork and fret, be regular in all our habits and sleep all we can fairly, we shall take less medicine.—Dr. J. H. Hanaford

The farmer who has two cows and no shelter for either needs the nerve to sell one, if necessary, and buy lumber to protect the other from storms. Or he needs the grit to cull out the poorest half of his herd and make more of the rest. He needs always to feed well young stock of all kinds, and work off the old surplus at once in order to husband his resources. A bushel of corn will make more pounds of pig pork than of old pork. Work off the old hogs if feed is short. If you have plenty of corn you can hold and be sure of winning, but there is risk if you are short.

A good sponge cake: One-half pound of flour, three-fourths pound of sugar, seven eggs, beaten separately and well, one-half tumbler of water. Boil the sugar in the water, and let it cool before adding eggs.

Gold cake makes the most satisfactory foundation for a chocolate cake; use half a pound of sugar, quarter of a pound of butter, half a pound of flour, the yelk of five eggs, one teaspoonful of baking powder; flavor with vanilla.

Children's stockings grow thin and wear out at the knees, as every mother knows to her sorrow. If before this happens pieces of soft flannel are laid under those places and fastened with fine stitches the result will be a great saving of labor and expense. The stockings will last as long again as they would without the lining.

It is claimed by some feeders that 100 pounds of corn meal and 100 pounds of bran mixed will give a greater gain in flesh than 200 pounds of meal fed alone. Meal and bran mixed is a more perfect feed than meal alone. Bran contains a larger percentage of phosphoric acid, potash and nitrogen than Indian meal, while the latter contains more oil, sugar and starch than the former.

COKE! PATENT COKE!
Is the best fuel for
SMELTING PURPOSES.
It is used exclusively by
Prof. Thos. Price
In his Assay Office and Gold Refinery, and is also used for smelting the ore in the COPPER QUEEN MINING CO., LONGFELLOW COPPER MINING Co. And other mines in Arizona. Also by
PRESCOTT, SCOTT & Co.,
Risdon Iron and Locomotive Works,
And other Foundries in San Francisco. During the past few years the Coke has been
Extensively used in Nevada and Salt Lake.

LOS ANGELES DAILY TIMES.

THE LOS ANGELES DAILY TIMES will be sold on all the trains of the Southern and Central Pacific Railroads; also on the Atchison, Topeka & Santa Fe and Texas & Pacific road.

The TIMES can also be found at the news-stands of the Palace and Occidental Hotels and Ross House, San Francisco.

Arrangements are now being perfected to have the TIMES placed in the reading rooms of the leading hotels in this and the Eastern States.

THE TIMES OFFICE is connected with the telephone system of this city, and those desiring to advertise in or subscribe for this paper can do so by this means.

NOTHING SUCCEEDS LIKE SUCCESS.

The signal success which the TIMES is achieving is even beyond the mark which we had set for it. The step of engaging in the enterprise of conducting a daily paper was a most unpremeditated one with the present proprietors, and it was the force of circumstances which led them into it, but once in it the determination was made to publish the best paper possible, and thus make it indispensable to the community. How well we have succeeded is evidenced by the fact that subscriptions are pouring in upon us at the rate of from twelve to fifteen daily. The TIMES in the less than three months of its existence, has already reached a circulation larger than that of any of the older established papers, and a veritable boom seems to have set in this way, increasing the list of subscribers about seventy-five per week. The fact of its independence, straightforward manliness in its treatment of all questions at issue, together with the prestige which the old firm has of being able to stand alone and not obliged to curry favor with any one, is telling strongly in its favor now. And the end is not yet. With the assurance of abundant crops, which means prosperity and plenty to all our citizens, with the immense tide of immigrants reaching us from the East with ready cash in their pockets, eager to make a home in this sun-kissed land—the land of everlasting fruits and flowers—with the developments of our back country, Arizona, New Mexico, and even the States of Mexico bordering on United States territory calling upon us to supply their markets with the surplus of our orchards, fields and granaries, Los Angeles has a prospect before her which it were idle to attempt to forecast. Our faith in the future of this city is supreme. Its development for the next ten years will be very rapid—almost phenomenal—and with the disappearance of the great flocks of sheep the agriculturist will follow, and homes will be erected all over these fertile valleys where now the squirrel and gopher has complete control. In 1890 Los Angeles county will have more than double her present population, and the TIMES in its efforts to keep pace will be the leading metropolitan paper, with a list of ten thousand subscribers.

WASHINGTON'S BIRTHDAY.

To-day fifty millions of people, covering the major part of the North American Continent, do homage to the memory of the man who led our armies to the victories that made the United States a nation and a power among the nations of the earth. Never in the history of men has a man been more highly revered by those for whom he fought than has "the father of his country,"—the man "first in war, first in peace and first in the hearts of his countrymen." And it is not altogether because he won battles and made a nation, for others who have done that were not embalmed in the hearts of the people a hundred years after they had passed away. The world has had many Napoleons and Alexanders of greater or less prowess and success in the field, but there are now few to do them homage—they did little good to live after them. Our national idol, on the contrary, won the hearts of his countrymen more by his upright, christian character than by his military achievements, and hence his name has become a household word, and his life is pointed to as an example for whatever is ennobling, in the soldier, the citizen, the ruler, and the man. And so long as the fires of liberty that were kindled in the hearts of our revolutionary fathers shall burn in the bosoms of their descendants, so long will the annual return of the twenty-second of February awaken a nation's gratitude to the memory of the people's friend and the soldier of liberty.

Washington was born in 1732 and died in 1799. Besides his services in the field as commander-in-chief of the army, he served the country as President for two terms. He was childless, but most happy in his domestic relations. His wife was of his own age, comely and amiable, and brought him a large fortune. In person Washington was six feet two inches in height. He was scrupulously attentive to the proprieties of dress and personal appearance; his manner was gracious and gentle. To all the other traits of excellence in his character he added profound convictions of religious truth, firm faith in an overruling Providence, and reverence for the Christian Church, of which he was a communicating member. He was also a member of the Free and Accepted Masons. He adorned all the positions he was called to fill, and success crowned a life his countrymen would have been glad to have prolonged. His is a brilliant history, and in reverting to it by our ceremonials of to-day, we do well in paying a tribute to one of the best types of the American gentleman, and we do better in holding him up as a model and an example for the youths and children of the present generation.

RAILROAD BUSINESS.

So great has been the increase of business on the railroads since connection was made with the east by the Texas Pacific road, that it is in contemplation to put another freight train on the road eastward of this, making four trains per day. Three days since there went east one train of twenty cars, loaded with wheat and other California products exclusively, for New Orleans. This is the beginning of what we may hope will grow to a large and profitable business to both the railroads and the producers.

WILMINGTON FLEET.

There are ten deep water ships now in the Port of Wilmington discharging the variety of merchandise which the wants of our commerce demand. Business is brisk at our seaport.

THE matter of convict labor is being discussed quite generally by the State papers, the complaint being that the convicts are being farmed out to contractors and by them used in different mechanical trades and as public laborers, to the hurt of honest working men and mechanics. While it would not be right to subsist the criminals in easy leisure, they should not be brought into competition in the market with free labor. And now to settle this mooted question the TIMES suggests that the State use the convict labor to build a coast railroad through the length of its border from San Diego on the south to any practicable point in the northern part of the State, the State to equip and run the road when graded. This would dispose of the convict labor, it would be a public convenience and of practical benefit to the whole State, and add largely to its property value.

ARIZONA MINING NEWS.

[Silver Belt, Globe District.]

An assessment of thirty cents a share has been levied on the McMillen Silver Mining Company.

Bullion shipment, present week, by Wells, Fargo & Co., $10,341.90. Eaton & Bailey's shipment, from Globe City mill, $2,418.24:

The House and Rouse property shows several small veins of fine ore running parallel, with indications that they will soon come together.

Some exceedingly rich strikes are reported on the line of the Mammoth Ledge, in the mountains on the north side of Dos Cabezas.

The Nash mine, owned by Birchett & Chilson, is looking well. They are down 150 feet. There are four arrastras running on this mine (by steam) and the company expect to clean up about $7,000 by the 10th of next month.

The O'Dougherty mines are looking splendidly. They are down over 100 feet in the Hornet, with a fine showing of ore in the bottom. This property is bonded to California parties and the owners are sanguine of a sale.

The McGowan mine shows a bold and well defined vein, five feet wide from the surface to a depth of 106 feet, and south drift carries the same vein. This company has 450 tons of ore on the dump, all of which will average high for free gold.

The Centennial mill is almost completed and hauling of ore has been commenced. The building from the first was vigorously pushed by Superintendent G. C. Munroe, to whom great credit is accorded for the energy displayed. The mill when completed will be second to none in Gila county.

The Last Chance and Blue Bird mines are situated in the Delchay Basin, seven miles from Tonto creek. The ledge is bold and well defined, and can be traced for 3,000 feet; there are two shafts on the property of 58 and 72 feet, respectively, and several smaller holes, all showing high grade ore. There are 350 tons of high grade ore on the dumps.

An Opinion.

Mr. S. L. Davison of Wichita, Kansas, who has spent the winter in this vicinity and San Diego, reports that his impression with reference to the prospects of San Diego versus Los Angeles are as follows: San Diego has a fine harbor, and with water facilities a good subservient country and an excellent climate; but having no railroads, no system of irrigation, and only a sparse population, as compared with the excellent system of railroads, better route to the east, better water facilities, larger population and capital of Los Angeles and vicinity, he considers that Los Angeles will undoubtedly continue to grow rapidly and develop into the largest city in the State outside of San Francisco.

Miss Mary Toy is lying ill in San Francisco. Her mother has gone up to attend her.

F. Adam says he has just received some elegant new suitings.

Frankel Bros. vs. Aguerre et al.—Demurrer submitted; three days to file points.

Mallachowitz vs. Mallachowitz—Demurrer overruled; ten days to answer.

Kerckhoff vs. Nordholt—Case passed indefinitely.

Ballerino vs. Weyse—Passed till March 1, at 10 A. M.

Altitudes.

The following elevations above the sea level are interesting to know and remember:

Los Angeles	265 feet
Sepulveda	471 "
San Fernando	1,066 "
San Fernando Tunnel	1,479 "
Newhall	1,848 "

J. M. Davies, Esq., of Topeka, Kansas, who has been visiting this vicinity and San Diego for some time past, returned to Los Angeles on Sunday. He will leave his family till the end of summer at San Diego, returning to Topeka himself until then. He reports that the people of San Diego are still hopeful, confident that their connection with the Eastern system of railways by way of Colton will witness the rapid development of San Diego and vicinity. The greatest hopes of the people are based, however, on the benefits that will be derived from the building of the "bee line" through Sonora, expecting that its completion will insure to San Diego the trade of an empire.

Harbert, 32 Spring street, furnishes the supper for the entertainment to-night.

A special meeting of the Ladies' German Benevolent Society will be held on Thursday at 2 P. M.

The recipient of the last 30th hat at Fox & Koster's was William Windheim, of Lichtenberger's carriage factory.

There are telegrams for Chas. A. Wise, J. X. Williams, Maria Taylor and Mrs. Niles at the Western Union Telegraph Office.

The matter of opening Los Angeles street was again postponed till Friday. Nil desperandum! There is an end to all things.

San Antonio mountain, "Old Baldy" was unusually white yesterday, evidently a sign of good local rains and full flowing streams.

The second social of the Natural Science Club of the Los Angeles High School will be held at Good Templar Hall on Friday evening at 7 P. M.

Mme. L. Ferrie Delpech has arrived from San Francisco with a large stock of silks, satins, velvets and brocades with trimmings to match.

The ladies of Trinity Church will give an oyster lunch from 12 noon to 2 P. M., also a supper beginning at 6 P. M., at Good Templars' Hall to-day.

The Eagle Corps, N. G. C., will have a Washington's birthday parade in full uniform to-day, commencing at 2 P. M. and ending with dress parade in front of Temple block.

Bids were opened at Kysor & Morgan's office yesterday afternoon for the buildings to be erected for the Union Manufacturing Company, comprising J. De Barth Shorb and others.

L. Mayer, the fruit man, informs us that the Los Angeles oranges are much superior this season to what they have been in some of the years past, notably last year. He thinks them superior to the Mission oranges now, which was not the case last season.

A petition was circulated yesterday afternoon for the closing of all business houses from 1 P. M. and was almost universally signed. The memory of the "Father of his country" will receive a graceful and well merited tribute in Los Angeles this year.

Mr. R. L. Couts, owner of a large stock ranch in San Diego county, will hereafter manage the business of the new Wilson Oscillating Shuttle Sewing Machine Company in this city. He is a pleasant gentleman and will doubtless make a success in his new enterprise.

The old reliable firm of Vickery & Hinds announce their readiness to furnish the public with everything in the meat line in New To-Day. They handle nothing but the best and deliver to any part of the city. See their meat quotations in daily market reports.

We are requested to state that the announcement made by a morning paper with reference to an engagement of Miss Mamie Perry with the people of San Bernardino, was not authorized. The people of San Bernardino greatly desire to hear her sing but no arrangements have been perfected as yet.

The San Diego Union says the last of the Old Tunnel Company's machinery has left that city, and the company will soon have a ten-stamp mill in operation. This is the Los Angeles company noticed in the TIMES recently, of which Mr. Bates is President and E. H. Sweetser Secretary. The mines are at or near San Rafael, Lower California.

When a man has a good thing to offer the public he generally uses printer's ink liberally in order to make the fact known. J. C. Bright, the irrepressible Cheap Store Man, is one of them. His prices are always under the market, he advertises extensively to that effect, and is willing everybody should examine the goods and prices. He is now offering exceptional inducements until the 10th of March in order to make room for immense importations of spring goods. He means what he says hence he slaughters prices during these special sales. See announcement elsewhere.

The streets of Los Angeles, and particularly Spring street from Temple to First street, presents during the day a novel appearance to any one not accustomed to the sight. What with the large display of wares in front of a number of establishments and the merchandise left along the sidewalks, the narrow street at best is filled to an overflowing that would compare favorably with Broadway, New York. The question has been seriously asked, Have the merchants who make a specialty of displaying their wares on the sidewalks secured special privileges in that respect, regardless of the public convenience?

PERSONAL MENTION.

G. G. Wickson, traveling agent for Frank Bros., San Francisco, dealers in agricultural implements, arrived in Los Angeles on Monday night from an extended visit through Arizona. He had a pleasant and successful trip and reports that everything is booming and the outlook good in our adjoining territory.

Major Downing, of Wilmington, was in town yesterday and looking as if the climate by the seaboard agreed with him. Report has it the Major has his starboard eye on the Collectorship of the Collection District about to be established there.

Mr. J. Rosenthal and bride are stopping at that famous hostelry, the Pico House. Mr. Rosenthal is a wealthy merchant from Montana, and he comes to the land of sunshine and joy to spend his honeymoon. Sensible.

Mr. F. A. Frank, of the firm of Frank Bros., San Francisco, dealers in agricultural implements, arrived here yesterday morning on a short business visit.

Ben Welch, the popular master mechanic of the C. P. R. R. shops at Sacramento, arrived here on Monday evening from the east via. the Southern route.

R. W. Jackson, the manufacturer and dealer in Abalone shell jewelry, is in the city for a short time.

W. H. Perry left for San Francisco overland last evening on a business trip.

Wanted in San Jose.

Yesterday afternoon Chief King received a dispatch from Officer Edison, of San Jose, describing a fellow named Dick Martin, charged with burglary. The Chief put his men to work and Officers Roley and Sands soon captured Mr. Martin. Edison, who is one of the most successful police detectives out of San Fransisco, will be down to-day and take Martin back.

Stained glass designs are copied in new spring goods.

Gold lace and gold braid trim new black bonnets.

Jersey dresses are fashionable for little girls.

MUNICIPAL MATTERS.

An Adjourned Meeting of the City Council.

The Times Scheme of Taking Up the Old Street Car Tracks Acted Upon—Water Rates Adopted—Other Business.

The Council met yesterday afternoon at 2 o'clock. President Moran presided. The minutes of the last meeting were read and approved.

The weekly report of the Zanjero was read and referred to the Committee on Zanjas.

The weekly report of the Auditor was read and referred to the Finance Committee.

In the matter of the payment of the Gas Company under a contract for two months, the City Attorney, to whom the contract was referred at the last meeting, reported in regard to the bill against the city. He said there were four cases against the city now in the courts. Received and filed.

In the matter of the Council's fixing the water rates. Received and placed on file.

The weekly report of the overseer of the chain gang was read and placed on file.

The report of the Council, acting as a Committee of the Whole on fixing the water rates was read, and the following schedule was adopted:

SCHEDULE OF WATER RATES.

For tenements occupied by a single family of not more than five persons:

For one-story building	$1 50
For two-story building	2 00
For three-story building	2 50

For each additional person in one family over five, 15 cents.

Horses kept for private use, including water for washing one vehicle, for each horse, 25 cents, and for each additional horse, 12½ cents; and for each additional vehicle, 12½ cents.

For hose for washing windows, sidewalks, gardens or grounds, for every lot not more than 60 feet front, 50 cents; 60 to 100 feet front, $1; over 100 feet front, 2 cents per foot front.

For each water closet used in private house, 25 cents.

For each used in public building, $2.

And for each urinal used in private building, 25 cents, and for each in public building, $1.

For water furnished for building purposes for each barrel of lime used, 20 cents.

For bakeries, according to the monthly use of flour, for each barrel of flour 10 cents.

Stores, banks, offices, warehouses, saloons, groceries, barber shops, butcher shops, blacksmith shops, book binderies, confectionrs, churches, halls, laundries, photograph galleries, printing offices, steam engines, greenhouses, markets, market stores, horse troughs, soda fountains, and other places of business not supplied by meter to be charged according to the estimated quantity used, from $1 to $10.

Where meters are used then if the quantity does not exceed 10,000 gallons per month, for each 1,000 gallons $1; over 10,000 gallons per month, 75 cents for each 1,000 gallons.

Railroad companies shall pay according to agreement and according to the quantity of water used.

Hotels, taverns, boarding houses, boarding schools, lodging houses in addition to family rates for each boarder or lodger 15 cents.

For every bath tub used in barber shops, bathing establishments and hotels, $3.

Fountains shall be regulated by contract.

All persons, companies or corporations furnishing water as aforesaid shall have power in all cases to apply meters at their own expense for the purpose of discovering waste or excessive use, and when waste or excessive use is found to charge meter rates.

For water required for purposes that are not specified in the above tariff and fixed by contract, the rates shall be fixed by the Superintendent of the Water Works and ratified by the Council.

All water furnished for sprinkling streets, flushing sewers, watering parks, or water used for the extinguishment of fires, shall be furnished free.

All rates are due and payable monthly in advance.

Mr. Cohn moved that the ordinance be adopted as read. Carried.

A communication from the water company protesting against the rates fixed.

Mr. Cohn moved that it be laid on the table. Carried.

Bills for hose and other bills were read and referred to the Committee on Finance.

The Board of Public Works reported on the laying of street car tracks, stating that the railroad companies shall place their tracks level with the streets, and that certain old tracks not in use be taken up, and that the City Attorney shall begin proceedings. Received and recommendation ordered carried out.

The petition of James Doyle and others asking to be permitted to do certain grading in front of their property on Sainsevain street. Petition granted.

An ordinance on assessments on personal property and its taxes, was read and adopted.

Mr. Teed moved that the drivers of engine horses turn out for city work when they are called upon by the Board of Public Works. Carried.

I. Bishop asked to be permitted to sell a small book without paying a license. Received and filed.

A communication from the County Clerk stating that the Board of Supervisors had fixed the water rates for the ensuing year for water sold outside the city limits at $3 per head per day, and $1.50 per head per night. Filed.

The petition of Bartholona & Guir asking for rebate of personal property. Referred to the Committee on Finance.

The petition of the City Assessor asking for assessment blanks and other stationery, also for one for Deputy Clerk from March 15th until August 3d. Referred to the Finance Committee.

Mr. Cohn moved that a committee of five be appointed to supervise the assessments. Cohn, Weyse, Ryan, Kuhrts and Mullaly were appointed.

A communication from M. Kremer, insurance agent, stating that he had re-insured the City Hospital, was referred to the Finance Committee.

Wm. Bushnell protested against certain grading. Referred to the proper committee.

Certain bids for fire hose were read and referred to the Committee on Fire and Water.

Adjourned at 4:30 P. M.

The Weather Report.

Observations taken by the U. S. Army Signal Service at 8.15 o'clock last night are as follows: Barometer, 30.34; Thermometer, 48; dew point, 41; wind, W; 4 mile per hour; clear. Maximum thermometer, 61; Minimum thermometer, 38.

ORDERED REMOVED.

What the Council is Doing to Save Wagons and Buggies.

Once more the TIMES has barked up the right tree. It will be remembered that this paper had growled about the miserable way in which the street car tracks not in use were allowed to be left standing in the way of buggies, wagons and carriages. For months there has not been a week that there was not a smash-up on this account. Not only that, the tracks in use have never been placed level with the street, as they should be according to law. Yesterday the Council took the matter in hand and requested the City Attorney to take proper steps to have the nuisance remedied. The city fathers have shown a disposition to take hold of matters in the interest of the people recently, and it is to be hoped they will continue the good work. There are a number of other matters that might be taken up, but first and foremost, if the accommodation of the present citizens, and more especially those who have lately come to the city and are continuing to come is to be considered, the suggestion that comes up is, have the numbers along the streets intelligently arranged. Number the streets.

EX-CONVICTS.

A Number of Them in Town—Arrests Made.

Yesterday seven or eight San Quenten birds were noticed on the streets by the police officers. The officers started in to make an investigation and concluded to arrest two of the worst looking ducks in the gang on suspicion. One of them had one hundred and forty-one dollars on his person when searched at the station. It seems that Los Angeles is getting to be a sort of stopping place for all San Francisco thieves on their way to join the cow-boys in Arizona and New Mexico. But the officers here are too sharp, and gather some of the herd in every few days. Some of the others will probably be arrested this morning.

OLIVES.

What Might be Done if Some One Would Start.

Olive growing in this section of the country gives promise of being a paying business within the next few years for the manufacture of olive oil. Hon. R. F. del Valle, on his Rancho Camulos, distilled this past season a fine quality of oil, said by those who know to be much better than the most of the brands now placed on the market. If Eastern or local capitalists would take the matter in hand and put up works in Los Angeles, the move would be the forerunner to an enterprise that would make the City of the Angels one of the first manufacturing points of the west.

SHORB IN COURT.

He is Held to Answer Before the Superior Court.

Yesterday afternoon the argument in the Shorb examination was concluded, and Judge Adams held the defendant without bail to appear before the Superior Court. His attorneys will take him up on a writ of habeas corpus next Thursday. His attorneys have not yet intimated what line of defense they would adopt, but it will probably be the ground that the girl committed the abortion herself.

NO FIRE.

The Firemen are Called Out by Telephone for Nothing.

Last night about nine o'clock the largest crowd that has been seen on the streets for some time after dark turned out to see the fire, that did not come off. The alarm was turned in from Griffith's lumber yard on Alameda and First streets, caused by the burning of some trash on the street. Both companies were out on time, but had to return without having the fun of putting out the fire.

FERNS.

Chadwick Goes to Work for the City for Fun.

J. S. Chadwick, who was convicted of stealing ferns at the postoffice in Judge Fisher's court the other day, was up for sentence yesterday morning and got twenty-five days or a fine of $25. His attorney will take the matter before the Superior Court on a writ of habeus corpus on the ground that the proceedings in the Justice's court were illegal.

POMONA.

The rains in this section have done a great deal of good, and in lands that have never been plowed it has penetrated to the depth of ten inches.

Those who have cut down blue gum trees of considerable size say that it can be split into stove wood very easily if done as soon as first felled. Too much attention cannot be given here to the planting of timber. For this purpose the gum is the best, as it grows the most rapidly.

B.

Bunker Hill Avenue.

A petition signed by a majority of the property owners on Bunker Hill Avenue "for the establishing of the grade and to grade that street," has been referred by the City Council to the Committee on Public Works. Action should be taken in the matter at once, while there is a possibility of securing the opening of the street from Fourth to Fifth street, making a continuous avenue from Temple street to the Normal School, and one of the finest drives in the city, overlooking the valley from one end to the other.

Funeral of Don Juan Forster.

The remains of the late Mr. Forster will arrive here this afternoon by train. The funeral will take place to-morrow and the body will be deposited in the Catholic Cemetery.

Fighting.

George Springing was tried before Judge Fisher yesterday morning for thrashing George Black. The evidence was insufficient to convict and the court dismissed the charge.

NORWALK AND ARTESIA.

A Fine Country and a Rapid and Healthy Growth.

Grape Vines in a Flourishing Condition and a Big Profit on a Small Investment—Plenty of Artesian Water.

[Downey Signal.]

We took a trip last week through the Norwalk and Artesia country, and was surprised to see so many evidences of prosperity. Improvements are going on in every direction.

J. M. Clark, who lives across New River, two miles southeast of Downey, has just finished a two-story dwelling that is a credit to any country. He has quite a large tract of first-class land.

J. G. Strong some time since sold half his place to Frank Housh, who at present resides in Illinois. Mr. Strong is an old resident, and one of the solid men of the country.

Wm. Thompson owns twenty acres of land adjoining Mr. Clark, upon which is growing a splendid crop of volunteer barley. He intends to put out next season ten acres in grape vines.

Mr. Wm. Dilley, who lives in the same neighborhood, has 220 acres of land, 150 of which is in alfalfa, and most of it was sown this year, and is doing finely, although it has never been irrigated. He is putting down an artesian well, and was down 270 feet last Tuesday, but the flow was not so strong as desired. He expects, however, to keep sinking until he strikes it to suit him.

Near Mr. Dilley is the place of George Branscomb. He has thirty-three acres of choice land free from alkali, twelve acres of which is now in fine-looking alfalfa, and he intends this year to put the remainder also in alfalfa, and turn his attention to the dairy business.

D. D. Johnson, who lives about a mile east of Norwalk, has ten acres in vines of the White Muscat variety. They are now four years old, from which this year he realized $960; and upon the same ground between the vines, he planted Lima beans, gathering 4,500 lbs., worth four cents, or $180, making a total from the ten acres of $1,140, which is not a bad showing, considering the vines are just beginning to bear. His farm consists of 120 acres, all of which is of the finest quality.

Mr. Johnson, in company with Mr. Lombard, will shortly start a cheese factory, a thing which the people have long felt the need of. It is a move in the right direction, and will no doubt be a profitable enterprise.

Mr. John Doland owns seventy-five acres of the finest land in Norwalk, and it is well improved. John is out of debt and has some splendid horses, and is the best single-handed talker in the county of Los Angeles.

Robert Venable of Artesia, is putting down an artesian well on his place. Last Wednesday he was down 150 feet, and brought up a piece of decayed wood.

The Norwalk school is a fine building and is a credit to the people of that section. A neat but durable fence was made around it this week by Messrs. Stone and Moxly.

We noticed in Artesia, among other improvements that speak well for the county and people, that the cemetery has been enclosed with a good fence.

The Artesia church, recently erected, presents an imposing appearance, and a better school house can't be found in the county outside of Los Angeles city.

The Confidence Entertainment.

One of the leading events of the season will be the entertainment and ball of Confidence Engine Company at Turnverein Hall to-night. The boys have spared no expense or trouble in the effort to make this a thorough success. The programme will commence with a grand vocal and instrumental concert in which the best talent of Los Angeles will participate. Then will follow one of the most interesting and novel features ever introduced into an entertainment of the kind—namely Spanish dances performed in costume of ye olden time. It will conclude with a grand ball and supper. Everybody should attend that can, and thus contribute to the support of a worthy institution, which is the pride of Los Angeles—the fire department.

Will Accept the Apology.

L'Union Nouvelle takes up the sword in defence of the honor of the French colony in Los Angeles, and makes a thrust at the TIMES for stating that a young lady of that nationality had eloped with a San Francisco commercial man. The item was intended in no way to reflect upon the honor or virtue of the Los Angeles colonists, as it distinctly stated that the lady was not a resident of this city. Besides, while not advising elopements as the proper road to a happy marriage, we yet admire the "grit" the young lady has shown. L'Union says the lady was Italian, not French. Very well, we accept the apology.

Excursion Coming.

An excursion train left Kansas City on the 16th inst. for this city. Among others on board are Hon. L. W. Ross, a prominent and wealthy Illinoisan; W. T. Davidson, editor of the Lewiston, Illinois, News; Mr. Gray, another prominent gentlemen, together with others from that State and also from places along the line of road through which they pass.

Nothing Short of Unmistakable Benefits

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron,—all powerful, blood-making, blood-cleansing and life-sustaining—and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of waning vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick.

For sale by all druggists.

Esthetic editors have their paste made from Sun flour now.

WESTMINSTER GOSSIP.

[Gazette, Feb. 18th.]

Mr. Sampson Edwards is putting a substantial fence around the 160 acres which he recently purchased, known as the Gibson place.

Mr. Jacobus is moving into the Steinart house, and Mr. A. J. Barnes has rented the Fisher place.

J. J. McCoy has finished Mr. Sam's well near Wilmington, and is boring one for Mr. Cummings at the same place.

Mr. Jotham Bixby had several wells bored some time since in the Cienega, north of the high hills on the mesa, between here and Wilmington. Parties are now taking the water from these wells out on the mesa and will, we are informed, be able to irrigate nearly all of it that is tillable if there is water enough.

We report sales of real estate: A. Robinson, trustee, to E. P. Justice, 40 acres in section 13. Wm. Ball to Daniel Brown, 80 acres. Other sales are in progress, but incomplete, and inquiry is active.

Mr. Geo. McFadden and a friend were down from the mountains this week and report feed further advanced than here and prospect good for a fair supply.

Mr. Josiah McCoy is preparing to increase his vineyard of Muscat grapes.

During the recent snow storm a band of cattle belonging to Mr. Cox stampeded before the storm and ran into the tule and swamp country south of here, and about twenty head were lost by drowning.

DOWNEY CITY CULLINGS.

[Signal, Feb. 18.]

Dr. Groover made a shipment of twenty-seven cases castor oil on the 11th.

G. W. Wolfe shipped four cars of hogs to San Francisco on the 11th inst. and one to-day.

Ninety-one cases (2,734 dozen) of eggs were shipphd through the depot this week.

C. C. Luis has purchased 20 acres of the Oliver Davis tract of land, and will improve the same.

Dr. Wagner, Frank Haskell and John Mitrovich left here this morning on a hunting expedition to Los Bolsas.

Messrs. Hunting and Mason of Downey have a contract to furnish the Ditch Company at the Duart, about 200,000 brick. Mr. Mason will go up this week to complete the arrangements.

Shipments for the week ending Feb. 18 were as follows: Hogs, 140,000 pounds; castor oil, 2,480; eggs, 5,460; hay, 20,000; mdse., 8,005; total, 175.895 pounds. The receipts for the same period were as follows: Mdse., 23,200 pounds.

One day last week, as the school children were going to school, a little girl of Mrs. Evermae was met in the road by a savage dog belonging to Mr. J. Schlesinger, and was taken down, and no doubt would have been badly, if not fatally injured had assistance not been near at hand. Such canines ought not to be allowed to run at large.

Order to Show Cause.

In the Superior Court, State of California, County of Los Angeles.

In the matter of the Estate of Franz Pfeiffenberger, deceased.

It appearing to the Judge of said Court by the petition this day presented and filed by E. F. G. W. Giebel, Administrator of the estate of Franz Pfeiffenberger, deceased, praying for an order of sale of real estate, that it is necessary to sell the whole of the real estate to pay the allowance to the family, the debts outstanding against deceased, and the debts, expenses, and charges of administration.

It is therefore ordered by the Judge of this Court, that all persons interested in the estate of said deceased, appear before the said Court on Monday, the 6th day of March, 1882, at ten o'clock A. M. of said day, at the Court Room of said Superior Court in the City and County of Los Angeles, State of California, to show cause why an order should not be granted to the said Administrator to sell so much of the real estate of the said deceased as shall be necessary.

And that a copy of this order be published at least four successive weeks in the Los Angeles Daily Times, a newspaper printed and published in said County.

V. E. HOWARD, Judge.

Dated January 31, 1882. f1-1m

FOR SALE,

A ONE HALF INTEREST IN THE

Horne & West

ELECTRO-MAGNETIC BELT.

THIS IS THE same belt which is now manufactured by W. J. Horne, and which he is extensively advertising as the W. J. HORNE BELT. This Belt was invented and patented by myself. Afterward I assigned one half interest in this Belt to W. J. Horne, which he now owns in common with me. This Belt has taken two premiums at State Fairs; but as I have invented another BELT, of double the power of the HORNE & WEST BELT, and much superior to it in every respect, and which I make and sell for ONE HALF the cost of the old Horne & West Belt, I will sell my one-half interest, in the Horne and West Belt cheap for cash. Greatest Wonder of the Age!

THE NEW Electro-Medical BELT, Curing All Diseases Without Medicine.

C. N. WEST, the inventor and half owner of the "Horne and West Belt," has invented another belt, so much better and cheaper, that it will supercede all other electrical appliances for the cure of disease. We challenge the world to produce its equal—Physicians approve and use it. All persons suffering from *Rheumatism, Nervous or General Debility, Paralysis, Kidney or Back Troubles, Ague, Piles, Indigestion, Rupture, Neuralgia and Liver Complaint, Catarrh, Impotency, Male and Female Troubles* of every kind, and all other *Chronic Ailments*, will recover health in using this Belt. So cheap the poorest sufferer can buy it. Price, $5, $6, $8 to $20. Also, Electrical Bands for arms and legs, unrivaled for curing *Rheumatism* and like diseases. Price, $5 to $10 per set—all sent C. O. D. to any order. Send for circulars. Address,

C. N. WEST, 22 Kearny St. San Francisco, Inventor and Sole Proprietor.
